

NATIONAL COMING OUT DAY - OCTOBER 11, 2016

We understand the importance of National Coming Out Day (October 11th) and what it means to “come out.” We also know that you don’t have to “come out” to find support. The names listed here are a declaration to Syracuse University/SUNY ESF of our celebration and recognition of our lesbian, gay, bisexual, trans*, queer, questioning, asexual, communities (people with marginalized genders and sexualities) and their allies. Advocacy, support, and outreach are available through a variety of people, places, and resources...

We want to make it clear that **You Are Not Alone**.

We acknowledge that we must work within and across our identities to demonstrate our commitment as a University community, and that isolation can happen regardless of whether there is support or outreach. Our names listed here demonstrate the importance of shedding our invisibility to anyone who is struggling to find support, to people with shared experiences, or to people who may be experiencing a lack of campus connection, we want you to know **You Are Not Alone**.
